SCHEME PARTICULARS FOR CHARITY VALUE AND INCOME FUND

1

Introduction

This document constitutes the Scheme Particulars for the Charity Value and Income Fund (the “Fund”).

The Fund’s registered charity number is 1119289.

The Fund is a Common Investment Fund established by a Scheme of the Charity Commission for England and Wales (the “Commission”) dated 11 April 2007, made pursuant to the powers given to it by the Charities Act 1993, section 24 (the “Scheme”).

This Scheme Particulars has been prepared solely for, and is being made available to Investors for the purposes of evaluating an investment in Units in Trust. Investors should only consider investing in the Trust if they understand the risks involved including the risk of losing all capital invested.

The Fund is not an authorised unit trust within the meaning of the Financial Services and Markets Act 2000 (“FSMA”). The Fund is operated by Smith & Williamson Fund Administration Limited as an unregulated collective investment scheme in accordance with the Financial Conduct Authority (“FCA”) rules and customers investing in the Fund may not therefore receive the full levels of protection available under FSMA.

Notification to the FCA in this context refers only to requirement under the Act and does not in any way indicate or suggest endorsement or approval of the Trust as an investment.

The Fund is an “alternative investment fund” for the purposes of the Alternative Investment Fund Managers Directive 2011/61/EU (“AIFMD”). The Manager is the “alternative investment fund manager” of the Fund.

The property of the Fund (including income received in respect of the Fund but excluding sums standing to the credit of their income accounts) is held by the Trustee on trust for the charities participating in the Fund (the “Participating Charities”) according to the number of units held by each of them or, if both income units and accumulation units are in issue, according to the number of undivided shares in the property of the Fund, represented by the units held by each Participating Charity. The sums standing to the credit of the income account are held by the Trustee on trust to distribute to the holders of the income units.

With regard to the provisions of this document that require the Commission's approval, such provisions were approved by the Commission on 11 April 2007 and adopted by the Manager on the same date.

Should the provisions of the Scheme for the Fund and the Scheme Particulars be in conflict, the provisions of the Scheme shall prevail.

Subject to section 24(7) of the Charities Act 1993, any Charity shall be qualified to participate in the Fund.

The Manager will require evidence of the charitable status of applicants to the Fund and may defer the issue of units until such time as the status of the applicant has been confirmed. The registered charity number or HM Revenue & Customs exemption number (prefixed by an 'x') must be supplied. The Trustee may require prospective Participating Charities to supply a declaration of eligibility to participate and an indemnity against liabilities arising out of its ineligibility.

All communications in relation to this Scheme Particulars shall be in English.

The Manager has appointed Smith & Williamson Fund Administration Limited ("SWFAL") whose registered office is at 25 Moorgate, London EC2R 6AY to maintain the registers of unitholders for the Fund. The register is maintained at SWFAL's office at 206 St Vincent Street, Glasgow G2 5SG where it can be inspected free of charge during normal office hours. The Register may be closed at such times and for such periods as the Manager may from time to time determine, provided that it shall not be closed for more than thirty Business Days in any one year. Units in the Fund are in registered form. Certificates will not be issued to participating charities. The Register shall be conclusive evidence as to the persons respectively entitled to the units entered in the register. No notice of any trust, express, implied or constructive shall be entered on the Register in respect of any units and the Manager shall not be bound by any such notice.

Each of the parties will, to the extent of their ability and in compliance with the FCA Regulations, ensure that the performance of their respective duties will not be impaired by any such involvement.

To ensure the fair treatment of investors is central to all the activities of the Manager, the Manager has implemented a Treating Customers Fairly policy, against which all its policies and procedures and those of its delegates are measured and must conform. This ensures that conflicts of interest are appropriately managed in a way that is fair to investors as outlined in this section, that expenses are proportionate and allocated fairly (see Fees and Expenses), that investors can redeem their holdings (see Buying and Selling Units) and that if investors are dissatisfied with their treatment their complaints are assessed by an independent and impartial investigator (see Complaints).

The Manager maintains a written conflict of interest policy. The Manager acknowledges that there may be some situations where the organisational or administrative arrangements in place for the management of conflicts of interest are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of the Trust or its unitholders will be prevented. Should any such situations arise the Manager will, as a last resort if the conflict cannot be avoided, disclose these to unitholders in the report and accounts or otherwise an appropriate format.

7 The Auditor

The auditor of the Fund is Beavis Morgan Audit Limited of 82 St John Street, London, EC1M 4JN.

8 Constitution and Objectives and Investment Principles of the Fund

8.1.1 Establishment

The Fund is regulated by the Scheme referred to in paragraph 1 above.

8.1.2 Investment Objective

The objective of the Fund is to achieve long-term capital and income growth through investment primarily in UK equities with an above-average yield. The Fund may also from time to time invest in other securities, including UK government securities, other fixed interest securities, convertible securities and cash.

8.1.3 Benchmark and Performance Target

The performance target will be to outperform the FTSE All Share Index on a total return basis. The Fund will be benchmarked against the FTSE All Share Index.

8.1.4 Investment Philosophy

The investments for the Fund will be made principally in UK companies listed on the London Stock Exchange, typically within the FTSE All Share Index or quoted on the Alternative Investment Market. As such, both income received from those investments and their capital valuation will be subject to fluctuation. However, the Investment Manager will endeavour to manage the portfolio in a way that leads to an increasing income year on year, and to invest in a portfolio whose volatility is not significantly different to that of the FTSE All Share Index. The Investment Manager's portfolios historically have tended to have volatility similar to that of the FTSE All Share Index.

8.1.5 Investment Approach & Asset Allocation

The Investment Manager's approach is to diversify the holdings in the portfolio widely by industry and stock market sector and also by market capitalisation.

- 8.1.5.1 The portfolio will usually be invested in equities and thus will not be diversified by asset class.
- 8.1.5.2 The Investment Manager aims to diversify the portfolio widely by stock market sector, with the aim of having a broad spread of economic and industrial factors influencing the performance of the portfolio.
- 8.1.5.3 The Investment Manager aims to maintain a spread of investments. Individual investments will not represent more than 10% of the portfolio and those investments representing over 5% of the portfolio will not represent more than 40% of the assets of the portfolio when added together.

It is the intention that 100% will be invested in UK equities, although the Investment Manager may allocate some funds to fixed interest securities or cash if it feels UK equities to be particularly over-valued. However, if the Manager does allocate funds to fixed interest securities:

- (i) the Manager will invest no more than 5% of the portfolio of the Fund in non-investment grade fixed interest stock (excluding convertibles) with no more than 5% in the stock of any one issuer; and
- (ii) the Manager will invest no more than 10% of the portfolio of the Fund in convertibles with no more than 5% in the stock of any one issuer.

The Investment Manager will invest outside UK equities only when it is felt UK equities to be particularly over-valued.

The Investment Manager aims to diversify the UK equity portfolio more widely than the market average, by limiting the amount invested in each sector and company, particularly large capitalisation stocks.

8.1.6 Changes to the Objective, Investment Philosophy or the Investment Approach

Changes to the Objective, Investment Philosophy or the Investment Approach will normally require approval by Participating Charities at an Extraordinary General Meeting if the change alters the nature or risk profile of the Fund, or on giving 60 days notice to Participating Charities where these do not alter the nature or risk profile of the Fund. In exceptional circumstances, changes may be made to the Objective, Investment Philosophy or the Investment Approach with no minimum period of notice where these are for clarification purposes only. In all cases, changes may only be made to the Investment Objective and Policy following notification to and approval from the Commission.

8.2 Investment Powers and Limits

Summary

Most of the limits on investment are set out in the Scheme for the Fund and others are set out only in these Scheme Particulars. A summary of those limits set out in the Scheme together with the additional limits are as follows:

8.2.1 all the property of the Fund must be held in the name of the Trustee, or under the custody or control of the Trustee in the name of some other body corporate as nominee, on trust for the Participating Charities; and

8.2.2 the Manager, through the Investment Manager, may invest the property of the Fund at its discretion in any kind of investment which it could make if it were absolutely entitled to the property of the Fund, although it must have regard to the need for diversification of investments and the suitability to the Fund of the investments.

Cash and Near Cash

8.2.3 The property of the Fund may include cash or near-cash where this may reasonably be regarded as necessary in order to facilitate the cancellation of units, or to further the efficient management of the Fund, or otherwise to enable the Investment Manager, to discharge its functions under the Scheme; and

8.2.4 the Investment Manager may borrow money temporarily for the use of the Fund on terms that the borrowing is to be repaid out of the property

of the Fund, provided that the Investment Manager shall not borrow for the purpose of making investments. Any borrowing shall not exceed 10% of the net asset value of the property of the Fund as at the date of the borrowing except with the prior written consent of the Commission.

Collective Investment Schemes

8.2.5 The property of the Fund may include units or shares of collective investment schemes operated by the Manager or an associate of the Manager. However, the Investment Manager shall not invest in a collective investment scheme operated by itself, by an associate of itself, or by the Manager or an associate of the Manager, or by the Trustee or an associate of the Trustee, unless:

8.2.5.1 where the scheme is a collective investment scheme

8.2.6 Subject to the provisions set out below, the Manager shall not invest the property of the Fund in transferable securities which are not approved

- 8.2.6.3 the second scheme is prohibited from having more than 15% in net asset value of the property of that scheme consisting of units in collective investment schemes; and
- 8.2.6.4 the participants in the second scheme shall be entitled to have their units redeemed in accordance with that scheme at a price:
- (i) related to the net asset value of the property to which the units relate; and

- 8.2.7.2 in any transferable securities which are not approved securities.

- 8.2.13 The Trustee shall not approve the use of the particular associated market makers unless it is satisfied that

- 8.2.14 The Trustee shall exercise all due skill, care and diligence in considering and giving approval to the use of associated market makers.

Use of Derivatives

8.2.15 The Fund may (subject to the provisions of the Scheme) enter into derivatives and forward transactions (i.e. futures, options and contracts for differences) provided that:-

8.2.15.1 the transaction is entered into for the purpose of protection or the reduction of risk and/or the reduction of costs to the Fund;

8.2.15.2 the Manager is satisfied that the transaction is expedient in the interests of the Fund;

8.2.15.3 any securities to be acquired under the transaction are eligible to be held by the Fund, having regard to clause 38 of the Schemes and the investment objective and policy of the Fund; and

8.2.15.4 the Manager is satisfied that the transaction is not speculative.

Transferable Securities

8.2.16 Up to 20% of the value of the Fund may be invested in transferable securities which are not approved securities.

8.2.17 Up to 10% of the Fund may be invested in transferable securities, other than Government and public securities, or money market instruments issued by any single body.

8.2.19 If more than 35% in value of the property of the Fund is invested in Government and Public securities issued by any one issuer, no more than 30% in value of the property of the Fund may consist of such securities of any one issue and the Fund property must include at least six different issues whether of that issuer or another issuer.

Warrants

8.2.20 Up to 5% in value of the scheme property of the Fund may consist of warrants.

Money Market Instruments

8.2.23 Up to 100% in value of the scheme property of the Fund can consist of money market instruments which are admitted to or normally dealt on “eligible markets”. Deposits

8.2.25 Up to 20% in value of the scheme property of the Fund can consist of deposits with a single body. The Fund may only invest in deposits with an approved bank and which are repayable on demand, or have the right to be withdrawn, and maturing in no more than 12 months.

Leverage

8.2.26 Transactions introducing leverage are generally undertaken to reduce risk or cost in terms of fluctuations in prices, interest rates or exchange rates or involve receiving a premium for the writing of a covered call option or cash covered put option on the property of the Fund which the Fund is willing to buy or sell at the exercise price.

8.2.27 The types and sources of leverage and risks the Fund may employ are as follows:

8.2.27.1 Through the use of derivatives. Any exposure by the Fund through the use of derivatives must be covered by cash or readily realisable assets held by the Fund. Restrictions on the use of derivatives are outlined in the Objective and detailed in the Investment Powers and Limits in 8.2.15.

8.2.28 Participating Charities should be aware that, should the Fund employ leverage, that they may suffer a greater risk resulting from the decline of the net asset value of the underlying investments which the Fund has

gained exposure to and therefore, the Fund's risk exposure will be higher.

8.2.29 The following restrictions apply to the use of leverage:

8.2.29.1 Leverage through the Use of Derivatives: Derivatives may be used for the purposes of Efficient Portfolio Management only. No current collateral or asset reuse arrangements are currently in place. Should the Trust enter into any contracts that require the use of collateral in future, collateral will be managed in accordance with FCA Regulations and Guidelines issued from time to time by the European Securities and Markets Authority. A Collateral Management Policy will be implemented by the Manager before the Trust enters into any transactions which require it to hold collateral from a counterparty.

8.2.30 The maximum level of leverage the Fund may employ at any time is 100%.

8.3 **Termination**

8.3.1 If the Trustee is of the opinion that it is expedient in the interests of the Participating Charities to wind up the Fund, the Trustee may execute a written declaration that the Fund is to be wound up, and if it does so, it shall:-

- (a) forthwith send a copy of the declaration to the Commission and to the Manager and publish it in such manner (if any) as the Commission may direct;
- (b) inform the Participating Charities in writing that the Fund is to be wound up; and
- (c) as soon as practicable after the Fund falls to be wound up, realise the property of the Fund. After paying out of the Fund, or retaining adequate provision out of the Fund for, all liabilities properly payable out of the Fund and the costs of the winding up, the Trustee shall distribute that part of the proceeds of the realisation represented by income units to the Participating Charities holding income units immediately before the date of the declaration pro rata to such holdings, and that part of the proceeds of the realisation represented by accumulation units to the Participating Charities holding accumulation units immediately before that date pro rata to such holdings.

8.4 **Accounting Reference Date and Interim Accounting Period**

9.2.2 A holder shall authorise such person as it thinks fit to act as its representative at any meeting of holders of the Fund and shall notify the Manager of the name and address of its authorised representative and of any change of authorised representative. 9.3 **Notices of Meetings of Holders**

9.4.2 No business shall be transacted at any meeting unless the requisite quorum is present at the commencement of business.

9.4.3 If within half an hour from the time appointed for the meeting a quorum is not present the meeting shall stand adjourned to such day and time not being less than 14 days thereafter and to such place as may be appointed by the Chairman and at such adjourned meeting the holders present in person or by proxy shall be a quorum.

9.4.4 Notice of any adjourned meeting of holders shall be given in the same manner as for an original meeting and such notice shall state that the holders present at the adjourned meeting whatever their number and the number of units held by them will form a quorum.

9.5 **The Chairman**

Some person, who need not be a holder, nominated in writing by the Trustee, shall preside at every meeting of holders of the Fund and, if no such person is nominated or if at any meeting the person nominated

shall not be present within fifteen minutes after the time appointed for holding the meeting, the holders present shall choose some person present to be Chairman.

9.6 **Adjournment**

The Chairman may, with the consent of any meeting of holders of the Fund at which a quorum is present, and shall if so directed by the meeting, adjourn the meeting from time to time and from place to place, but no business shall be transacted at any adjourned meeting except business which might lawfully have been transacted at the meeting from which the adjournment took place.

9.7 At any meeting of unitholders on a show of hands every authorised representative of a holder present in person has one vote. A poll may be demanded by the Chairman of the meeting or by the Trustee. On a poll every authorised representative of a holder who is present in person or by proxy shall have one vote for every complete undivided share in the property of the Fund and a further part of one vote proportionate to any fraction of such an undivided share which it holds and a holder entitled to more than one vote need not, if voting, use all the votes or cast all the votes which it uses in the same way.

10 **Characteristics of the Fund**

10.1 The Fund is a Common Investment Fund and operates pursuant to the Scheme. Subject to section 97 of the Charities Act 2011, only charities within the meaning of Section 1 of the Charities Act 2011 and an “appropriate body” within the meaning of section 97(3) of the Charities Act 2011 may participate in the Fund.

10.2 Common Investment Funds are deemed to be charities by virtue of the Charities Act 2011, Section 99(3) and therefore enjoy the taxation reliefs that are available to any other charity. A summary of the taxation liabilities of the Fund is given at paragraph 19.3 of these Scheme Particulars.

10.3 Treatment of charges:

10.3.1 Auditor’s fees and overdraft expenses are paid from the capital property of the Fund. This may constrain capital growth.

10.3.2 Transaction charges (custodian) are paid from the capital property of the Fund.

10.3.3 All other charges (including, but not restricted to, the Manager’s and Trustee’s periodic charges, custody fees and registration fees) are taken from the capital property of the Fund.

The above treatment of charges may constrain capital growth.

- 11 **Valuation of the Property of the Fund**
- 11.1 The Fund will be valued as though it was an authorised unit trust subject to the terms of the Sourcebook.
- 11.2 The property of the Fund will normally be valued on each Dealing Day in order to calculate the prices at which units in the Fund can be created, cancelled, bought and sold. The valuations will be as at 12:00 noon or at such other time as the Manager in its discretion may decide on the relevant day (the “Valuation Point”).
- 11.3 The Manager reserves the right to revalue the Fund at any time if it considers it desirable to do so.
- 11.4 To calculate the creation price of units, the valuation of the Fund’s property will be on a creation basis. To calculate the cancellation price of units, the valuation of the Fund’s property will be on a cancellation basis. To calculate the Manager’s and the Trustee’s periodic charge for the Fund, the valuation of the Fund’s property will be on a mid-market basis. On the issue and repurchase of units by the Manager the price will not exceed those calculated on a creation basis and will not be less than those calculated on a cancellation basis.
- 11.5 The Manager maintains a Fair Value Pricing policy with an audit review carried out annually. The policy is detailed fully in the Fair Value Policy document.
- 11.6 The Manager’s Transfer Agency Team may request a change to the pricing methodology in certain circumstances. The policy is detailed in the Pricing Policy document.
- 11.7 All asset prices from the primary price source are compared to two other sources to ensure the validity of each price. The policy is detailed in the Pricing Policy document.
- 12 **Remuneration and Expenses**
- 12.1 **Manager**
- The Manager is entitled to:
- 12.1.1 Receive and retain for its own use and benefit an initial charge to be included in the issue price of units. However, the Manager does not intend to make such a charge for the Fund at this time. Should the Manager make an initial charge in the future, this will not exceed 5%.
- 12.1.2 A periodic charge of 0.5% per annum is payable based on the net asset value of the Fund.

The periodic charge is based on the month end valuation from the previous month, accrues monthly and is payable monthly in arrears on the last Business Day of each month.

- 12.1.3 The Manager may in its discretion decide whether or not to levy a redemption charge in any particular case. However, the Manager does not intend to make a redemption charge at this time. Should the Manager make a redemption charge in the future, this will not exceed 2%.
- 12.1.4 Any Value Added Tax properly chargeable in respect of the charges referred to in paragraphs 12.1.1 to 12.1.3 above.
- 12.1.5 Reasonable costs or expenses incurred by it in discharging its functions under the Schemes. These costs or expenses may be deducted from the Fund as and when they occur.
- 12.1.6 Remuneration where it acts as registrar and/or establishes and/or maintains any plan sub-register of the Fund, of such amounts as the Manager and the Trustee shall in their discretion from time to time agree. Such remuneration shall accrue in respect of successive monthly periods and shall be paid as soon as practicable after the end of each such monthly period. Currently there will be no remuneration payable to the Manager in respect of it acting as registrar.

12.2 **Trustee**

The Trustee is entitled under the Scheme to be paid out of the property of the Fund as remuneration for its services a periodic charge (plus VAT), the amount of which for each monthly period is such percentage as the Manager and the Trustee shall at their discretion from time to time agree.

The present agreed remuneration is 0.0275% of the net asset value of the Fund up to the first £50,000,000, 0.025% of the net asset value of the Fund for the next £50,000,000, and 0.02% of the net asset value of the Fund thereafter. This is subject to a minimum of £7, 500 per annum plus VAT. The periodic charge is based on the month end valuation from the previous month, accrues monthly and is payable monthly in arrears on the last Business Day of each month.

In addition to the periodic fee referred to above, the Trustee shall also be entitled to be paid transaction and custody charges in relation to transaction handling and safe-keeping of the Scheme Property as follows:

Item	Range
Transaction Charges	Between £5.00 and £472.00 per transaction
Safe Custody Charges	Between 0.003% and 0.50%* of the value of investments being held per annum *With the exception of: <ul style="list-style-type: none"> • USA (Physical Securities) - £14 per line per calendar month • Not in Bank / Not in Custody Assets - £65 per line per calendar month

These charges vary from country to country depending on the markets and the type of transaction involved. Transaction charges accrue at the time the transactions are effected and are payable as soon as is reasonably practicable, and in any event not later than the last Business Day of the month when such charges arose or as otherwise agreed between the Trustee and the Manager. Custody charges accrue and are payable as agreed from time to time by the Manager and the Trustee. In addition, charges may be applied for cash payments, currency conversion, corporate actions and other incidental expenses. Details are available on request.

In addition to the Trustee's periodic charge, the Trustee is further entitled to be paid out of the property attributable to the Fund for its services the following:

12.2.1 such bank or other charges (including transaction charges) charged by it in relation to the safe custody, insurance, acquisition, holding or realisation of any investment forming part of the property of the Fund, or any deposit or loan authorised under the Scheme or otherwise as the Manager and the Trustee shall from time to time agree.

12.2.2 The Trustee and Manager are also entitled to retain out of the property of the Fund reasonable costs and expenses properly incurred by them in administering or winding up the Fund as and when they occur.

To include (but not limited to) in the case of the Trustee, fees, expenses and disbursements payable to The Bank of New York Mellon SA/NV, London Branch, to which the Trustee has appointed as custodian of the assets.

12.3 Any proposal to introduce an initial charge or a redemption charge and any proposed increase in the actual or maximum amount of any charge for the benefit of the Manager or the Trustee shall require:

(a) the giving of not less than 90 days' notice to Participating Charities of the intention to introduce an initial charge or a redemption charge or to increase the actual or maximum amount of any charge;

(b) the Scheme Particulars have been revised subject to the prior written consent of the Commission to reflect the introduction of a charge or the proposed increase in the amount of any charge;

(c) not less than 90 days have elapsed since the revised Scheme Particulars became available to Participating Charities.

12.4 **Other Expenses**

No payments may be made out of the property of the Fund other than the payments to the Manager and the Trustee which are described above and the following:

12.4.1 broker's commission, fiscal charges and other disbursements which are necessary to be incurred in effecting transactions for the Fund; and normally shown in contract notes, confirmation notes and difference accounts as appropriate; and

12.4.2 interest on overdrafts and borrowings permitted under the Scheme and charges incurred in effecting or terminating such overdraft or borrowings or in negotiating or varying the terms of same; and

12.4.4.1 necessary to implement, or necessary as a direct consequence of, any change in the law; or

12.4.4.2 expedient having regard to any change in the law made by or under any fiscal enactment and which the Manager and the Trustee agree is in the interest of unitholders; or

12.4.4.3 to remove from the Scheme obsolete provisions; and

12.4.5 any costs incurred in respect of meetings of unitholders; and

12.4.6 the audit fee properly payable to the auditor and Value Added Tax thereon and any proper expenses of the auditor;

12.5 Interest expense (if any) will be charged to income. All other running expenses will be charged to capital. Where expenses are charged to capital, this may constrain capital growth.

12.6 To the extent that the total of the expenses payable pursuant to Clause 12.4.2 to 12.4.8 exceed 0.15% of the net asset value of the Fund per annum then they will be payable from the Manager's periodic charge set out in Clause 12.1.2.

12.7 Charge for investment research: None

Any third party research received in connection with investment advisory services that an Investment Manager provides to the Trust will be paid for by the Investment Manager out of its fees, as relevant in relation to the Trust, and will not be charged to the Trust.

13 **Distribution of Income**

13.1 The Trustee is responsible for the collection of any income due to be paid to the Fund and for claiming any repayment of tax which may be due. At the end of each annual accounting period, the Trustee shall transfer the income property of the Fund to accounts to be known as "distribution accounts" and for these purposes "income property" means all sums, including income equalisation, deemed by the Trustee, after consultation with the Manager, to be in the nature of income received or receivable by the Trustee in respect of the property of the Fund but excluding any amount for the time being standing to the credit of the distribution account.

13.2 Within two months of the Accounting Reference Date of the Fund, in each year the amount so transferred to the distribution account will be paid or allocated to unitholders by way of a distribution in accordance with clause 34 of the Scheme.

13.3 The annual income allocation date for the Fund is the last day of February in each year.

13.4 The Trustee is also authorised to make interim distributions. The interim allocation dates for the Fund are 31 May, 31 August and 30 November or such other dates as the Manager may determine.

14 **Income Equalisation**

In the case of the first allocation of income to which a Participating Charity is entitled following the purchase of units, the allocation will

include a capital sum (“income equalisation”) representing the Manager’s best estimate of the amount of income included in the issue price or in the issue price by reference to which the issue or selling price of those units was determined. The amount of income equalisation is an amount arrived at by taking the aggregate of the amounts of income included in the issue price in respect of units issued or reissued during the relevant interim accounting period and dividing that aggregate by the number of those units and applying the resultant average to each of the units in question. Currently, all purchases made between consecutive ex-dividend dates are grouped for equalisation purposes.

15

Client Money

As required by the FCA’s client money rules, the Manager will hold money received from clients or on the client’s behalf in accordance with those rules in a pooled client bank account, with an approved bank (as defined in the FCA Rules) in the UK.

The Manager will not be liable for any acts or omissions of the approved bank. The approved bank will be responsible for any acts or omissions within its control.

In the event of the insolvency of any party, clients’ money may be pooled which means that unitholders may not have a claim against a specific account and may not receive their full entitlement, as any shortfall may be shared pro rata amongst all clients.

The Manager is covered by the Financial Services Compensation Scheme (FSCS). The FSCS may pay compensation if the Manager is unable to meet its financial obligations. For further information about the compensation provided by the FSCS (including the amounts covered and eligibility to claim) refer to the FSCS website www.FSCS.org.uk or call the FSCS on 020 7741 4100 or 0800 678 1100.

Buying and Selling Units

The Manager’s office is open to receive requests for the issue and redemption of units from 9.00 am until 5.00 pm on each Business Day.

The minimum initial lump sum purchase value of units in the Fund is currently £1,000. The minimum holding of units in the Fund at any time in terms of value is currently £1,000. The minimum value of units in the Fund which may be the subject of any one sale or purchase is £1,000. The Manager may in its discretion waive any or all of the above minima either generally or in any particular case. The Manager may in its absolute discretion (and with the agreement of the Trustee) sell or repurchase units in exchange for assets other than cash if it is satisfied

that to do so is not likely to result in any material prejudice to the interests of participants or potential participants.

The Manager will hold all money received from customers for the purpose of investment within the Fund in a UK bank account in accordance with the FCA's Client Assets Sourcebook.

16.1 **Buying Units**

Units may be bought on request to the Manager (requests must be made in writing) at not more than the creation price. Existing Participating Charities may send a covering letter quoting their account numbers with their contributions which will then be added to their existing holdings. New contributors must complete an application form which is available on request. (Contact details are noted in paragraph 21 below). A contract note confirming each purchase will be despatched by close of business on the next Business Day following execution of the transaction.

All requests to purchase units should be accompanied by either (i) a cheque (up to £50,000) or (ii) an electronic payment to the Manager's bank account arranged prior to the request being made. The Manager may at its discretion reject or defer an instruction to purchase units until it is in receipt of cleared funds for the purchase (when the purchase of units will be placed at the next Valuation Point following receipt of cleared funds). An order for the purchase of units will only be deemed to have been accepted by the Manager once it is in receipt of cleared funds for the application.

Telephone calls may be recorded by the Manager, its delegates, their duly appointed agents and any of their respective related, associated or affiliated companies for record keeping, security and/or training purposes, please see paragraph "Telephone Recordings" below for further information.

The Manager, at its discretion has the right to cancel a purchase deal if any payment fails to clear, in particular if a cheque is not honoured, or settlement is materially overdue (being more than 5 Business Days of receipt of an application form or other instruction) and any loss arising on such cancellation shall be the liability of the applicant. The Manager is not obliged to issue units unless it has received cleared funds from a contributor.

The Manager reserves the right to charge interest above the prevailing Bank of England Base rate, on the value of any settlement received later than the 4th Business Day following the Valuation Point.

The Manager may, at its discretion and subject to the agreement of the Trustee and OLIM, accept the transfer of existing shares into the Fund in exchange for units. This facility can only be offered where the Manager

confirms that the shares to be transferred are consistent with the Fund's investment policy and current trading requirements. Any other shares will need to be sold and the net proceeds can then be invested in the Fund.

16.2 **Selling Units**

Units may be sold on request to the Manager (requests must be made in writing or by fax) at not less than the cancellation price. A contract note will be issued to confirm the transaction. Payment will be made within 4 Business Days of the Manager receiving properly completed documentation. However, a holder must not be left holding units of a value of less than £1,000, therefore, if a sale would result in leaving a holder with units of a value of less than £1,000, all of those holder's units will need to be sold.

The Manager may, at its discretion, accept the in specie redemption of units from the Fund.

Telephone calls may be recorded by the Manager, its delegates, their duly appointed agents and any of their respective related, associated or affiliated companies for record keeping, security and/or training purposes, please see paragraph "Telephone Recordings" below for further information.

16.3 **Suspension**

The Manager may, with the agreement of the Trustee, or must if the Trustee so requires, temporarily suspend the issue, cancellation, purchase and redemption of units in the Fund, if the Manager or the Trustee is of the opinion that due to exceptional circumstances it is in the interests of all the unitholders. The suspension will only be permitted to continue for as long as it is justified having regard to the interests of the unitholders. The Manager and the Trustee must formally review the suspension at least every 28 days with a view to ending the suspension as soon as practicable after the exceptional circumstances have ceased.

The Manager will notify all unitholders of the suspension in writing as soon as practicable and will publish details to keep unitholders appropriately informed about the suspension, including its likely duration.

The Trustee may not create or cancel units while the suspension remains in force.

Recalculation of creation and cancellation prices will commence on the Business Day immediately following the end of the suspension period.

16.4 **Governing Law**

All deals in Units are governed by English law.

The courts of England have exclusive jurisdiction to settle any dispute arising from or connected with the Fund, including a dispute regarding the existence, validity or termination of the Fund and the Participating Charities agree that the courts of England are the most appropriate and convenient courts in which to settle any Dispute and accordingly, they will not argue to the contrary.

16.5 **Publication**

The most recent buying and selling prices of units in the Fund are published daily on www.fundlistings.com. The prices published will be for the last Dealing Day. These are also available from the Manager by telephoning 0141 222 1151.

17 **Pricing Method**

The Manager will determine the price of units at the time of creation and cancellation as though the Fund was authorised unit trusts subject to the Sourcebook and units will accordingly be dual priced. The Fund will operate on a forward pricing basis. This means that the units are priced according to the next valuation of the Fund carried out after an order is received to buy or sell units.

18 **Risk Characteristics**

The value of investments will rise and fall due to market and company specific factors in the UK. The Fund will not hold unlisted securities and all its underlying assets should be readily realisable. Some expenses of the Fund will be charged to capital which will constrain capital growth. Exposure to a specific country market increases potential volatility in prices.

Investors should be aware that past performance is no guide to the future.

The ethical and socially responsible considerations of the Fund are not expected to have any significant negative impact on the Fund's performance. The ethical and socially responsible considerations of the Fund will be reviewed from time to time.

The FCA Regulations require that alternative investment fund managers maintain a liquidity risk management process.

The Manager assesses how many days are likely to be required to sell investments without negatively impacting the Unit price or liquidity on a best endeavors basis i.e. a liquidity ladder. The Manager assess the bid/offer spreads and trading volumes as widening spreads and thin

trading volumes give an indication that it might be more difficult to dispose of an investment. The characteristic of the Trust determines the frequency of this assessment. The main factors are:

- i) liquidity of underlying investments;
- ii) the size of the investment as a proportion of the Fund and also relative to the market (e.g. proportion of the holding to the average trade size); and
- iii) the average holding period of investors in the Fund.

It is also the Manager's responsibility to ensure that OLIM undertakes testing of its liquidity management arrangements against various stressed liquidity arrangements on a regular basis.

Leverage Risk

Leverage is where a Trust borrows money in order to meet redemption requests or, through the use of derivatives, for the purpose of buying or selling assets. Where assets are bought or sold using borrowed money this increases the risk that in the case of losses that these are compounded and as a result have a material negative impact on the value of the Trust.

19.4 **Replacement of the Manager or Trustee**

19.4.1 If the Trustee is of the opinion for good and sufficient reason that a change of manager is desirable in the interests of Participating Charities, the Trustee shall apply to the Commission for an order to discharge the Manager from the provisions of the Fund and will serve notice on the Manager of that application. The Trustee shall use its best endeavours to find a qualified replacement to act as Manager.
